

CAN AGENTIC AI HALVE MY S/4HANA IMPLEMENTATION COSTS?

Imagine a world where your business transforms at lightning speed. With **AI1DM**, you can harness the power of AI to revolutionize your operations, achieving transformations 30-40% faster. Empower your team with cutting-edge tools designed for seamless integration and unparalleled efficiency. Step into the future of business with **AI1DM** and watch your growth soar!

ARE YOU...

- An organization planning to implement S/4HANA, exploring ways to implement **faster, cheaper** and **better**?
- An organization that wants to invest in their internal capabilities & 'do more' themselves, rather than spend externally?
- An organization that wants to drive business led change through AI enabled tooling?

WHY CHOOSE US...

At **INNOVERV**, we believe in empowering your team to take control of their own success.

- **We Have Deep AI & SAP Expertise:** Our team has built AI1DM from the ground up, in conjunction with our SAP functional and technical leaders.
- **We Know What Success Means:** With 100+ SAP programs behind us, and several successful AI1DM deployments, we know the real-world challenges and how to overcome them.
- **We Develop Tailored Solutions:** We understand that every business is unique. Our AI-driven approach is customized to meet your specific needs and challenges.
- **We Ensure Safety & Security:** We stay at the forefront of AI technology, constantly updating our methods in line with responsible AI fundamentals.

WHAT WILL AI1DM DO FOR YOU...

With **AI1DM**, your business users are not just following a plan; they are actively shaping the future of your organization, ensuring that every process is optimized for excellence.

1

Knowledge Acceleration & Reuse: Instant access to a rich library of expert content and AI-powered guidance, reduces dependency on SMEs and shortens decision cycles.

2

Automation of Manual Processes: Automated generation of BPDs, test scripts, and documentation saves hours of repetitive effort.

3

Smart Testing Acceleration: Optimized delivery models reduce delays, eliminate redundancies, and align teams more effectively.

4

Change Readiness Assessments: Ensures your business is ready for the change by tracking stakeholder engagement and adoption KPIs, aligned with SAP Activate phases.

You will have access to our elite pool of experts who will guide and coach you.

Sound good? Get in touch! We look forward to working with you!
